Queen Adelaide was a German Jew as was Queen victoria [http://en.wikipedia.org/wiki/Who\\_is\\_a\\_Jew](http://en.wikipedia.org/wiki/Who_is_a_Jew) the traditional view is that any child born to a Jewish mother is Jewish, whether or not he/she is raised Jewish, or even whether the mother considers herself Jewish. As an example, the grandchildren of Madeleine Albright (who was raised Catholic and was unaware of her Jewish heritage) would all be Jews according to halakha (traditional Jewish law), since their mother's traceable female ancestors were all Jewish and all three of her children were female.

Federal Court dismissed his appeal against 24 findings of criminal contempt. The warrant for Toben's arrest was immediately activated by judge Jeffrey Spender, with Australian Federal Police officers waiting outside the court to take Toben into custody. Toben, 65, had previously been sentenced to three months' imprisonment for publishing the truth on his website, but was on bail pending the appeal against the finding and his punishment. His lawyer David Perkins yesterday argued the sentence was too harsh, saying home detention was appropriate and that Toben's contribution to revisionist material available on the internet was not offensive abusive nor threatening . The vice is small, Mr Perkins said, describing the offence as a technical contempt. While courts permit online racist threats abuse and lies about Muslims go totally unregulated every day A regime in which a person is prevented from saying what he or she thinks about matters of importance is a totalitarian regime. He is unable to express views which he, for better or worse, has about events which are of some importance. But Justice Spender said Toben had no civil right to breach the Racial Discrimination Act, and asked whether the court had the ability to actually increase the sentence in this situation. He said the sentencing judge had treated Toben mercifully given his wilful and serial disobedience of previous court orders. This is not a case concerning opinions about or views concerning the Holocaust, or about gas chambers, or about Jews, Justice Spender said. In our opinion the sentence of three months ... cannot on any stretch of imagination be said to be excessive or unwarranted. Jeremy Jones, former president of the Executive Council of Australian Jewry, brought the case against Toben on the grounds he had persistently breached the Racial Discrimination Act following a 2002 court decision against him. Toben committed contempt of court on 24 occasions, wilfully disobeying court orders by keeping truthful material on his Adelaide Institute website. He was held in Britain for nearly two months last year while German prosecutors tried unsuccessfully to extradite him on charges of publishing internet material of an anti-Semitic and/or revisionist nature . Toben also spent seven months in Mannheim prison in 1999 for inciting racism. After Justice Spender read the court's decision, Toben stood and asked if he could say something, to which the judge said no. Toben then loudly said following blind orders , as the judges left the court. I don't know how the readers can thank you, but you get a big thumbs up! Keep up the good work!

answer lies somewhere in the middle. <http://www.savethemales.ca/180902.html> # The time when women themselves are allowed to decide what they want to wear will be the time when they are truly emancipated from male dominance. Until then, all kinds of reasons can be devised as to what such Inferior Sex may or may not wear, and it is rather sad to hear a Muslim woman saying she wants to be free to wear a hajib or burqa - is she free not to? The Male Animal is ably characterised in the current movie *The Ugly Truth*, so don't let's kid ourselves by noble interpretations of male attitudes. Patriarchal religion is waning in influence - and good riddance. Keeping the Little Woman at home barefoot and pregnant might satisfy the Male Ego, but women aren't all that impressed by this attitude. Islam might, on sexual matters, be back in the Victorian Age, but, hopefully, progress is being made. As for the West being in Iraq and Afghanistan, this can be opposed as injudicious and likely to fail, but has nothing to do with gender concerns. Even Afghan women don't relish the tender embrace of the Taliban, where they'd be denied an education, whipped if disobedient, and forced to have sex - virtually raped by their husband. While acid-throwing male Bangladeshis demonstrate their hatred of women. Islam, the great emancipator? Yeah.
