PITTSBURGH (*Reuters - 9/23/97 fair use) A defiant Ron Carey said Tuesday he had nothing to do with the fundraising scandal that hit his campaign for re-election as president of the Teamsters union, declaring he was "betrayed" by trusted aides. In his most extensive meeting with reporters since three of his former campaign aides last week pleaded guilty to federal charges stemming from the scandal, Carey said he was a victim of the scheme along with the union and his campaign. * ER Ron Carey imitated the Clinton "I'm Stunned" speech trying to deny personal involvement in Fundraisinggate. Three Underlingus Employmens have already pled guilty. I can tell you that if there is a victim here, I certainly am the victim," Carey told a news conference... * I have worked for many years in this clean-up process," said Carey who was first elected to his post in 1991 as a reformer. It's a betrayal to me. It's against everything I've ever worked for. It's against everything I believe in." * ER It takes MY breath away. Now doesn't that sound familiar? ER Is the poor baby Ron Carey is a victim of some Underlingus Employeemess? To many not familiar, this is a form of the dreaded Toenail Fungus infecting the entire Democratic administration from the top down - it causes memory loss!!! ER For those in the Major Media also suffering from Memoryrotus Moneytrailgate who also can't remember where the money came from I'll repost the published conspiracy between the AFL/CIO and the Democrats. This conspiracy began a year before the 96 elections by extracted dues from members and AFL/CIO money to swing the election in favor of the Democrats and reelect the President. The money was also used to reelect Carey. The post is from the AFL/CIO web page. ###8up Although he said he was deceived, Carey was unapologetic about having signed checks to a liberal group that were later forwarded and eventually found their way into his campaign. * REMEMBER 1996? ER The AFL/CIO labor organization is using member dues to blatantly campaign against Republicans and endorse Democrat Bill Clinton and his socialist agenda. They are illegally taking millions of dollars from their members, 40% of whom are Republicans and using the money for Democratic politics. They freely admit this on the AFL/CIO web page <http://www.aflcio.org/>: web page (this page may now be closed) Reclaim America (AFL/CIO Mission Plan) ***** To be fully effective, the Labor Movements Reclaim America program will need the support, commitment, and active participation of all AFL-CIO unions. Our members must see this program to be their program. They must be involved in the planning and implementation of this program from the outset. ...approve, through a vote of the delegates a special assessment of 15 cents per member per month, for the twelve month period beginning in May 96, in order to help subsidize the many activities that will be conducted as part of this program; and ...endorsement of the re-election of Bill Clinton and Al Gore... The intensity of the assault on working families following the 1994 Congressional election was harsher than expected. The Republican extremists had a message that captured the imagination of American voters, including nearly 40% our members. But the electorate in 1994 didn't vote for the program the radical Republican Congressional leadership had in mind for them
